Dear Shareholder

I am writing to report our half year 2021 results. Whilst the effects of COVID-19 have continued to impact on our everyday life it would appear we are starting to see the situation improve slightly off the back of a hugely appreciated effort by the NHS to vaccinate as many of us as possible.

When considering the recent challenging circumstances, I am very pleased with our performance for the first half of 2021 with 93% of rent collected for the period and just a 2% fall in gross and net rental income. A very strong 5.7% increase in property valuation which in turn has led to an 7.3% increase in net assets per share to 1185p that takes the net asset value back above the pre-pandemic level (December 2019, 1175p per share). This 5.7% increase is made up of a 4.3% negative movement in our high street retail properties which now only account for 6.1% of our portfolio but a strong upward movement of 10% in our industrial portfolio. This overall movement compares favourably with the MSCI All property index of 2.9% for the same period and is underpinned by new leases at our St Austell property and one of our Wisbech units, one positive rent review. At the period end three of our properties were void, representing 11% of our rental income. We are negotiating a new lease on one of these units representing 4% of our rental income, and we are actively engaged in seeking new tenants for the others.

We continue to take a conservative view on debt and remain comfortable with our 31.4% LTV position at the period end.

During the period we exchanged contracts, with a conditional completion arrangement, for the sale of long-leasehold retail warehouse property in Andover let to Jewsons. I am pleased to report that the conditions were met last week, and we completed the transaction, after the period end, on 23 August 2021 generating gross sales proceeds of £3.55m, a premium of 9.2% over the valuation at 31 December 2020.

Dividend

I am pleased to report an interim property income distribution of 22p (2020 21p) per share, payable on 15 October 2021 to shareholders on the register at 17 September 2021 (with an ex-dividend date of 16 September 2021).

Outlook

Whilst there appears to be growing evidence that the COVID-19 pandemic is abating we, as a board, will continue to take a prudent view and monitor the situation closely. We will continue to work closely with our tenants and support them where we can whilst at the same time keeping our gearing low and a healthy cash balance to ensure we are well positioned as we start to return to some degree of normality again.

Independent review report to Highcroft Investments PLC

We have been engaged by Highcroft Investments PLC ("the Company") to review the financial information for the six months ended 30 June 2021 which comprises the condensed consolidated interim statement of comprehensive income, the condensed consolidated interim statement of financial position, the condensed consolidated interim statement of changes in equity, the condensed consolidated interim statement of cash flows and related notes 1 to 13. We have read the other information contained in the interim report and considered whether it contains any apparent misstatements or material inconsistencies with the financial information.

This report is made solely to the Company in accordance with International Standard on Review Engagements (UK and Ireland) 2410 issued by the Financial Reporting Council and our Engagement Letter dated 07 July 2021. Our work has been undertaken so that we might state to the Company those matters we are required to state to them in an independent review report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company, for our review work, for this report, or for the conclusions we have formed.

Respective responsibilities of directors and auditor

The interim report, including the financial information contained therein, is the responsibility of, and has been approved by, the Directors. The Directors are responsible for preparing the interim report in accordance with International Accounting Standard 34, 'Interim Financial Reporting', as adopted by the United Kingdom and the Disclosure Guidance and Transparency Rules of the United Kingdom's Financial Conduct Authority, which requires that the interim report must be prepared and presented in a form consistent with that which will be adopted in the Company's annual accounts having regard to the accounting standards applicable to such annual accounts.

Our responsibility is to express to the Company a conclusion on the condensed consolidated financial information in the interim report based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements (UK and Ireland) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Financial Reporting Council for use in the United Kingdom. A review of interim financial information consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing (UK) and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the condensed consolidated financial information in the interim report does not give a true and fair view of the financial position of the parent and subsidiary entities as at 30 June 2021 and of its financial performance and its cash flows for the six months then ended, in accordance with International Accounting Standard 34, 'Interim Financial Reporting', as adopted by the United Kingdom and the Disclosure Guidance and Transparency Rules of the United Kingdom's Financial Conduct Authority.

1. Nature of operations and general information

Highcroft Investments PLC ('Highcroft' or 'company') and its subsidiaries' (together 'the group') principal activity is investment in property. It is incorporated and domiciled in Great Britain. The address of Highcroft's registered office, which is also its principal place of business, is Park Farm Technology Centre, Akeman Street, Kirtlington, OX5 3JQ. Highcroft's condensed consolidated interim financial statements are presented in Pounds Sterling (£), which is also the functional currency of the group. These condensed consolidated interim financial statements have been approved for issue by the directors on 2 September 2021. The financial information for the period ended 30 June 2021 set out in this interim report does not constitute statutory accounts as defined in Section 404 of the Companies Act 2006. The group's statutory financial statements for the year ended 31 December 2020 have been filed with the Registrar of Companies. The auditor's report on those financial statements was unqualified and did not contain statements under Section 498(2) or Section 498(5) of the Companies Act 2006.

2. Basis of preparation

These unaudited condensed consolidated interim financial statements are for the six months ended 30 June 2021. They have been prepared in accordance with IAS 34, Interim Financial Reporting. They do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the group for the year ended 31 December 2020.

These unaudited condensed consolidated interim financial statements have been prepared under the historical cost convention, as modified by the revaluation of investment properties. These unaudited condensed consolidated interim financial statements have been prepared in accordance with the accounting policies adopted in the last annual financial statements for the year to 31 December 2020.

The accounting policies have been applied consistently throughout the group for the purposes of preparation of these unaudited condensed consolidated interim financial statements.

The unaudited condensed consolidated interim financial statements are drawn up on a going concern basis. The directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future and consider that there are no material uncertainties that lead to significant doubt upon the group's ability to continue as a going concern. Cash flow forecasts are prepared annually as part of the planning and budgeting process and are monitored and reworked regularly. The group has fixed-term non-amortising borrowing and has additional headroom available. The loan that falls due for repayment within one year can be refinanced under the existing arrangements with Handelsbanken plc.
